The Association of Community Centres (AOCCs) is comprised of 10 volunteer board-run multi-purpose facilities providing a broad range of community, recreation and social service programs to residents in the local community.

The AOCC model is a hybrid between a City agency and an independent, not-for-profit, community-based organization. The core administration activities are funded by the City and treated like a City agency. The program component is funded through fees, donations and grants, and is treated like an independent not-for-profit community-based organization.

#### Boards of Management

Learn more about the boards of management: [board responsibilities and composition](#).

In addition to these board-run community centres, the City's Parks, Forestry and Recreation staff operate many community and recreation centres throughout the city. See a listing of [City-run facilities](#).
