**To:** Chair and Members, Public Works and Infrastructure Committee

**From:** Councillor Mike Layton

**Re:** Increase in Parking fees for Park-based Farmers Markets

---

I have received correspondence from the Toronto Farmers Markets Network expressing concern about a change in parking fees for our Park-based farmers markets. This letter is attached.

In response to these concerns, and in keeping with the commitment we all share to helping our city's markets succeed, I am asking committee members to consider the motion appended to this letter.

Thank you for your thoughtful consideration of this matter.

Yours in community,

Mike Layton
