2011 BUDGET BRIEFING NOTE

PF&R Closed Wading Pools

Issue/Background:

- This Briefing Note provides information on the list of Wading Pools by Community Council, dates of closure and current plans for improvement requested by the Budget Committee motion BU 4.6 (2d), dated January 11, 2011.

Key Points:

North York District

- Leaside Park: This location was closed approximately 20 years ago. It has been replaced by a splash pad in RV Burgess Park which is closer to the residential area. There are no plans for improvement.

Toronto/East York District

- Felstead Park: This location was closed approximately 15 years ago when a circulating wading pool was included at that time in the renovation to Monarch Park Outdoor Pool across the street. There are no plans for improvement.
- Woodbine Beach Park: This location was closed approximately 15 years ago as the costs to rehabilitate were deemed not warranted due to lack of demand and low use. There are no plans for improvement.
- Riverdale East Park: This location was closed 17 years ago and removed from operation when Riverdale outdoor pool was renovated to include a shallow pool with beach entrance and mushroom spray feature. There are no plans for improvement.
