PART I: RECOMMENDATIONS

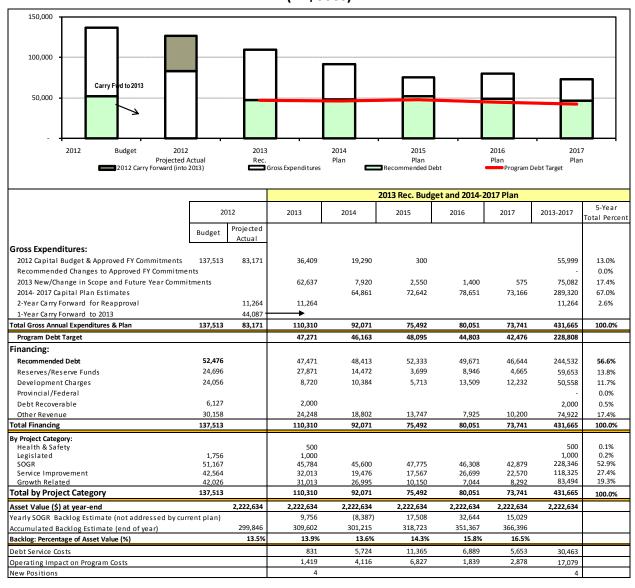

The City Manager and Acting Chief Financial Officer recommend that:

- 1. City Council approve the 2013 Recommended Capital Budget for Parks, Forestry and Recreation with a total project cost of \$75.082 million, and 2013 cash flow of \$154.397 million and future year commitments of \$32.035 million comprised of the following:
 - a) New Cash Flow Funding for:
 - i) 90 new / change in scope sub-projects with a 2013 total project cost of \$75.082 million that requires cash flow of \$62.637 million in 2013 and a future year cash flow commitment of \$7.920 million in 2014; \$2.550 million in 2015; \$1.4 million in 2016; and \$0.575 million in 2017;
 - ii) 22 previously approved sub-projects with a 2013 cash flow of \$36.409 million; and a future year cash flow commitment of \$19.290 million in 2014; and \$0.300 million in 2015;
 - iii) 35 sub-projects from previously approved projects with carry forward funding from 2011 and prior years requiring 2013 cash flow of \$11.264 million which forms part of the affordability target that requires City Council to reaffirm its commitment; and
 - b) 2012 approved cash flow for 57 previously approved sub-projects with carry forward funding from 2012 into 2013 totaling \$44.087 million.
- City Council approve new debt service costs of \$0.831 million in 2013 and incremental debt costs of \$4.928 million in 2014, \$0.321 million in 2015, \$0.167 million in 2016, \$0.106 million in 2017, and \$0.018 million in 2018 resulting from the approval of the 2013 Recommended Capital Budget, to be included in the 2013 and future year operating budgets;
- 3. City Council approve the 2014-2022 Recommended Capital Plan for Parks, Forestry and Recreation totaling \$653.141 million in project estimates, comprised of \$64.811 million in 2014; \$72.642 million in 2015; \$78.651 million in 2016; \$73.166 million in 2017; \$64.834 million in 2018; \$75.493 million in 2019; \$77.880 million in 2020; \$72.681 million in 2021; and \$72.933 million in 2022; and
- 4. City Council consider operating costs of \$1,418.8 million net in 2013, \$0.098 million net in 2014; \$0.544 million net in 2015; \$0.108 million net in 2016; \$0.555 million net in 2017; and \$0.450 million net in 2018 emanating from the approval of the 2013 Recommended Capital Budget for inclusion in the 2013 and future year operating budgets.
- 5. All sub-projects with third party financing be approved conditionally, subject to the receipt of such funding in 2013 and if such funding is not forthcoming, their priority and funding be reassessed by City Council relative to other City-financed priorities and needs.

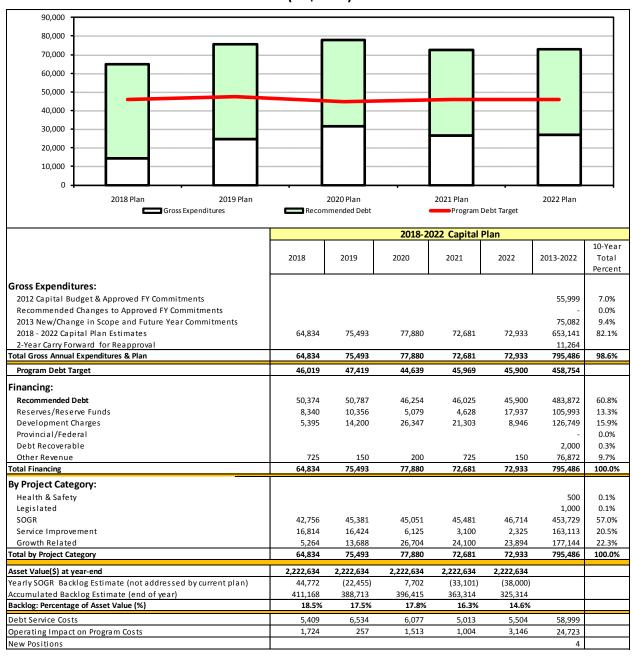

- 6. City Council approve 4 temporary capital positions for the delivery of new 2013 capital projects and that the duration for each temporary position not exceed the life and funding of its respective project / sub-project.
- 7. The Capital Emergency Fund sub-project be approved with funding of \$0.500 million for 2013 with the following conditions:
 - a) Projects funded must be emergencies presenting a safety or security hazard, or impacting current operations, with a potential for significant damage resulting from the continuation of the problem identified;
 - b) All projects charged to the 2013 Capital Emergency Fund sub-project must be reported to Finance staff to ensure structures are provided to ensure accountability;
 - c) Use of the funding must be reported in all variance reports; and
 - d) Any unspent balance at year-end cannot be carried forward;
- 8. Any capital IT projects/sub-projects approved as part of the 2011-2020 Approved Capital Plan with unspent funds be closed; and
- Consistent with the 2012 Approved Operating Budget recommendation, Parks, Forestry and Recreation continue to review future impacts of capital projects on operating budgets and continue to consider alternative models for service delivery to mitigate future operating impacts;
- 10. Parks, Forestry and Recreation annually update cost estimates for major capital projects to account for inflation and actual costs in order to minimize significant impact on the debt financing of future Capital Budgets.

PART II: 2013 – 2022 CAPITAL PROGRAM

10-Year Capital Plan 2013 Recommended Budget, 2014 - 2017 Recommended Plan (In \$000s)

10-Year Capital Plan 2018-2022 Recommended Plan (In \$000s)

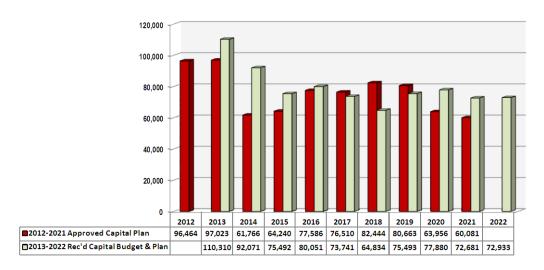

10-Year Capital Plan Overview

- The 10-Year Recommended Capital Plan for Parks, Forestry and Recreation focuses on maintaining the health and safety and state of good repair of existing assets valued at \$5.5 billion which includes 8,500 hectares of parkland, 580 km of trails and pathways, 63 indoor and 59 outdoor pools, 183 water play areas, 40 indoor arenas and 51 artificial ice rinks, 134 community centres, 5 golf courses, 868 playgrounds, 4 stadiums and 265 tennis courts and sports pads.
- The 10-year Recommended Capital Plan for Parks, Forestry and Recreation, excluding 2012 funding carried forward to 2013 totals \$795.486 million of which \$483.872 million or 60.8% is financed by debt. This exceeds the City's debt affordability target in each year except 2022 by a total of \$25.118 million for the 10 year period. The remaining funding consists of Reserve Funds of \$105.993 million, Development Charges of \$126.749 million, \$76.872 million of Other Revenues derived from Section 37 agreements, Section 42 Alternate Rate Cash-in-Lieu, donations and developer agreements, and \$2 million of recoverable debt.
- The 10-Year Recommended Capital Plan allocates 0.1% of the total cash flow funding for Legislated projects at \$0.500 million, 0.1% for Health and Safety projects at \$1.000 million, 57.0% for State of Good Repair projects at \$453.729 million, 20.5% for Service Improvement projects of \$163.113 million and 22.3% for Growth Related projects of \$177.144 million.
- The 10-Year Recommended Capital Plan will address part of the current state-of-good-repair (SOGR) backlog of \$299.846 million or 13.5% of the \$2.2 billion asset replacement value as of December 31, 2012. Notwithstanding this, the SOGR backlog is projected to be \$366.396 million or 16.5% of the asset replacement value by the end of 2017 and \$325.314 million or 14.6% of the asset value by 2022.
- SOGR backlog is further impacted by annual parkland and facility additions to assets by way
 of the development review process (Section 37/45) as well as Waterfront Toronto
 developments.
- Operating Budget impacts arising from the 10-Year Recommended Capital Plan's completed capital projects total \$24.723 million. The operating impacts result from added costs required to operate and maintain outdoor recreation centres, new park land, playgrounds/water plays, pools, trails and pathways, and community centres.

Key Changes to the 2012 - 2021 Approved Capital Plan

Changes to the 2012 -2021 Approved Capital Plan (In \$000s)

												Total
	2012	2013	2014	2015	2016	2017	2018	2019	2020	2021	2022	(Less 2022)
2012-2021 Approved Capital Plan	96,464	97,023	61,766	64,240	77,586	76,510	82,444	80,663	63,956	60,081		664,269
2013-2022 Rec'd Capital Budget & Plan		110,310	92,071	75,492	80,051	73,741	64,834	75,493	77,880	72,681	72,933	795,486
Change %		13.7%	49.1%	17.5%	3.2%	(3.6%)	(21.4%)	(6.4%)	21.8%	21.0%		8.8%
Change \$		13,287	30,305	11,252	2,465	(2,769)	(17,610)	(5,170)	13,924	12,600		58,284

The 2013 Recommended Capital Budget and the 2014 - 2022 Recommended Capital Plan is \$58.284 million or 8.8% over the 2012-2021 Approved Capital Plan as a result of the following adjustments:

- \$45.942 million of additional funding over the 10 year period was added due to revised estimates to reflect inflation and actual current costs for the construction of various new community centres such as the Wabash Parkdale Community Centre, North East Scarborough Community Centre and Western North York Community Centre.
- A reduction of \$26.833 million for the Major Facility Build Program, a 'placeholder' project which was deleted from the 2012-2021 Approved Capital Plan.
- \$5.000 million, funded by Section 37 and Section 45, was added to the existing Wellesley Community Centre Pool project, and a new Canadian Tire Community Centre Pool project for \$9.000 million was added to the 10-Year Capital Plan.
- \$7.000 million of additional cash flow funding was added to the Don Mills Civitan Arena project cost to reflect actual current costs of construction.
- The 2012-2021 Approved Capital Plan has also been adjusted to reflect the revised project schedules and changes in funding allocations for the following projects:

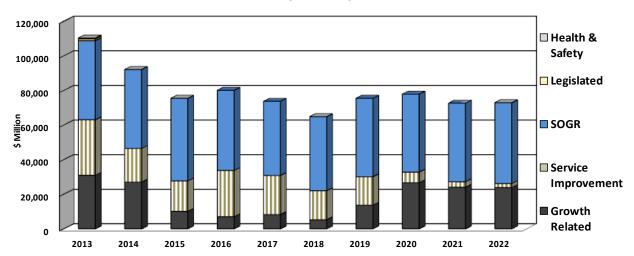

- ➤ \$1.628 million for Regent Park Community Centre was deferred from 2013 to 2014 due to requirements for additional environmental soil remediation and testing.
- ➤ \$2.75 million for Regent Park Redevelopment Phase 2 was deferred from prior years to 2013 as the project was delayed due to land transfer issues.
- ➤ \$1.653 million for Milliken Park Community Recreation Centre Expansion was deferred from prior years to 2013, as Section 37 funding from the developer had not been received.
- ➤ Cash flow funding for Information Technology projects were deferred from 2013 (\$2.875 million) and 2014 (\$1.125 million) to 2016 (\$2.325 million) and 2017 (\$0.975 million) based on project readiness.
- > \$10.641 million in 2013 and \$6.824 million in 2014 for various Park Development projects were fast tracked from 2015-2021 due to the availability of S42 funding.
- The following chart details the key project cash flow changes to the 2012 2021 Approved Capital Plan.

Summary of Project Changes (In \$000s)

Key Projects	Total Project Cost	2013	2014	2015	2016	2017	2018	2019	2020	2021	2022	2013 - 2022	Revised Total Project Cost

2013 – 2022 Recommended Capital Plan

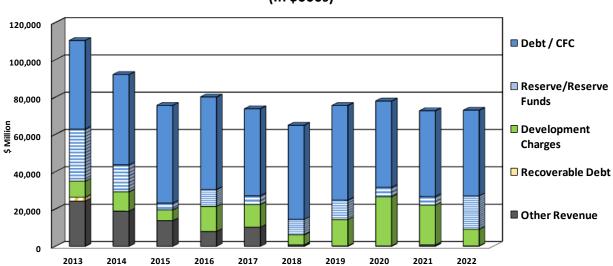

The 10-Year Recommended Capital Plan of \$795.486 million provides funding for Health and Safety projects of \$0.500 million; Legislated projects of \$1.000 million; State of Good Repair (SOGR) projects of \$453.729 million; Service Improvement projects of \$163.113 million, and Growth Related of \$177.144 million.

- Health & Safety projects account for \$0.500 million or 0.1% of the total capital plan spending of \$795.486 million and consists of one project for the Guild Inn to be spent in the first five years of the Capital Plan's planning horizon.
- Legislated projects require funding of \$1.000 million or 0.1% of the total planned cash flow in the 10-Year Recommended Capital Plan for various site remediation projects such as the Grand Manitoba, Everett Open Space, Paton Road and Stafford Street projects.
- State-of-Good-Repair (SOGR) projects make up the largest category of capital project expenditures in Parks, Forestry and Recreation's 10-Year Recommended Capital Plan totalling \$453.729 million or 57% of the total planned cash flow of \$795.486 million. SOGR projects also account for 94% of the Program's debt financing of \$483.872 million over the 10 year period.
 - State of Good Repair projects include maintenance, repair or replacement of aging infrastructure and facilities.
 - > \$228.346 million or 53% of the total planned cash flow for SOGR projects will be spent during the first 5 years.
 - Another \$225.383 million or 49% of the total cash flow is dedicated to SOGR projects during the second half of the 10 years.
 - ➤ Spending on SOGR projects is steady over the 10-Year Capital Plan averaging \$45.373 million per year.

- Service Improvement projects represent \$163.113 million or 20.5% of total capital plan spending.
 - \$118.325 million or 27.4% of project funding will be spent over the first 5 years of the Capital Plan with the remaining \$44.788 million or 27% spent over the second half.
 - ➤ Key service improvement projects include the expansion of Leaside Memorial Gardens Arena, Don Mills Civitan Arena, improvements to various park developments and community centres, Wellesley Community Centre pool, and various IT projects.
 - > Spending on Service Improvement projects driven by growth is variable throughout the 10 year period as it is dependent on the amount of Development Charge funding that becomes available in each year. The Development Charge By-law stipulates that any project that is eligible for DC funding must be included in the 10-Year Capital Plan.
 - Any Service Improvement projects funded by Section 37/45/42 Alternate Rate Cash-in-Lieu, or donations are added to the 10-Year Capital Plan as funds are received, adding to the variability of spending on these types of projects.
- Growth Related projects account for \$177.144 million or 22.3% of the 10-Year Recommended Capital Plan's expenditures.
 - Spending on growth related projects is higher in the first 2 years of the 10-Year Capital Plan period as the first 2 years of the 10-Year Capital Plan include previously approved projects such as Regent Park Community Centre, York Community Centre, Railways Lands Community Centre and Canadian Tire Community Centre.
 - ➤ Spending is also higher between 2019 and 2022 due to future planned construction of the North East Scarborough Community Centre, Western North York Community Centre and 40 Wabash Parkdale Community Centre.

2013–2022 Capital Plan by Funding Source (In \$000s)

The 10-Year Recommended Capital Plan of \$795.486 million will be financed by \$483.872 million of debt, \$105.993 million from Reserve / Reserve funds, \$126.749 million from Development Charges, \$2.000 million of Recoverable Debt, and \$76.872 million from Other Revenue comprised of donations and partnership funding.

- Debt accounts for \$244.532 million or 56.6% of the financing for the 2013 Recommended Budget and 2014 – 2017 Capital Plan and amounts to \$483.872 million or 60.8% of the 10-Year Recommended Capital Plan.
 - ➤ The 2013-2022 Recommended Capital Budget and Plan exceeds the debt target in every year except 2022. Overall, the 10-Year Recommended Capital Plan exceeds the debt affordability target by \$25.118 million for the 10 year period.
- Reserve and Reserve Funds constitute \$59.653 million or 13.8% of required funding in the first 5 years and \$105.993 million or 13.3% over 10 years.
 - Reserve Fund financing is higher in the first 2 years of the 10-Year Capital Plan period since more funding is available in the earlier years. Each year, Parks, Forestry and Recreation examines how much Section 42 (cash-in-lieu of parkland dedication) funding has been received and depending on capacity to deliver, projects are added to the 10-Year Capital Plan.
 - ➤ Key projects with full or partial funding from Reserve Funds include previously approved projects such as York Community Centre, Regent Park Community Centre, and Railway Lands Community Centre. Future year projects with partial financing from Reserve Funds include North East Scarborough Community Centre, Western North York Community Centre, and 40 Wabash Parkdale Community Centre.
- Development Charges account for \$50.558 million or 11.7% of total funding over 5 years and \$126.749 or 15.9% over 10 years.

- Financing from Development Charges varies with availability and depletion of development charges over time and use is dependent on percentage caps on how much can be used and eligibility criteria for specific projects identified in the DC By-law Background Study.
- ➤ Development Charge funding has been carefully reviewed in 2012 and additional DC funding that has become available was distributed among qualifying projects which reduced debt funding by \$26.833 million over the 2013-2022 Capital Plan period.
- Major projects requiring partial funding from Development Charges include York Community Centre, North East Scarborough Community Centre, Western North York Community Centre, 40 Wabash Parkdale Community Centre, and Birchmount Community Centre – Double Gym.
- Other Revenues such as Section 37, Section 42 Alternate Rate Cash-in-Lieu, Section 45 funding, developer agreements, donations and partnership funding account for \$74.922 million or 17.4% in the first five years of the 10-Year Recommended Capital Plan, and \$1.950 million or 0.5% over the latter five years.
 - ➤ Major projects funded by Other Revenues include Wellesley Community Centre pool, Canadian Tire Community Centre, Earl Bales Fieldhouse Upgrade & Expansion, and Grange Park construction.
- Recoverable Debt accounts for \$2.000 million of project funding or 0.3% over the 10 year period and is attributable to the Leaside Memorial Garden Arena Expansion project to be repaid from future year arena operating budgets.

The 10-Year Recommended Capital Plan supports Parks, Forestry and Recreation objectives of maintaining assets and infrastructure in a state of good repair while recognizing the need to satisfy service improvement and demand for growth in order to meet Toronto's growing population and changing demographics.

State of Good Repair (SOGR); Health and Safety and Legislated Projects

The 10-Year Recommended Capital Plan allocates funds to repair and replace various aging infrastructure and facilities: \$58.951 million for Special Facilities, \$25.500 million for Outdoor Recreation Centres, \$41.365 million for Pools, \$73.678 million for Arenas, and \$62.788 million for Community Centres.

 Average spending on SOGR projects is \$46.13 million per year over the 10 year period with key projects including Capital Asset Management Plan (CAMP) projects, City-wide Environmental Initiatives, and Various Parks and Facilities Rehabilitation projects.

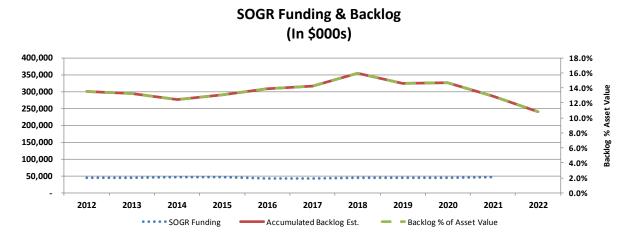

Service Improvement Projects

- Major Service Improvement sub-projects funded in the 10 year period include \$24.500 million for the replacement of the Don Mills Civitan arena, \$17.000 million for the design and construction of Wellesley Community Centre pool, \$7.300 million for the expansion of the Leaside Memorial Gardens Arena, \$15.800 million for sportsfield improvements, and \$15.887 million for the Division's IT projects.
- Key IT projects to be undertaken during the 10 year period include the Customer Service/eService project, HR Management project, and Work & Asset Management and Mapping Solution projects which will support and improve service delivery.

Growth Related Projects

 The 10-Year Recommended Capital Plan provides funding of \$198.149 million for the expansion and construction of various community centres such as York Community Centre, Regent Park Community Centre, and Railway Lands Community Centre.

State of Good Repair (SOGR) Backlog

The 10-Year Recommended Capital Plan dedicates \$228.346 million to SOGR spending in the first five years of the Plan and \$453.729 million over the full 10 year period which on average is \$45.373 million annually.

- Parks, Forestry and Recreation Division manages an asset inventory valued at over \$5.5 billion.
- Physical infrastructure such as pools, play grounds, arenas, recreation centres, bridges, vessels, tennis courts, and sports pads comprise approximately \$2.2 billion. Land such as parks and golf courses account for the remaining \$3.3 billion.

- The 2012 year end value of State-of-Good-Repair backlog is estimated at \$299.846 million representing 13.5% of the replacement value of physical assets of \$2.2 billion.
- The projected state-of-good-repair backlog is expected to reach \$366.396 million or 16.5% of physical asset value in 2017 and decline slightly to \$325.314 million or 14.6% of the asset replacement value by 2022.
- The increase in SOGR backlog, particularly between 2017 and 2020, is mainly due to the change in method of auditing SOGR. The SOGR estimates in prior years were based on visual inspections to determine the maintenance required to extend the asset lifespan. The future years SOGR numbers are based on due diligence audits which provide a more comprehensive assessment to confirm the scope of the repairs and the detailed costs associated with the rehabilitation requirements.
- The 10-Year Recommended Capital Plan provides \$318.748 million for the Program's Capital Asset Management Plan (CAMP) multi-year projects representing an average of \$31.875 million per year over the 10 year period.
- Despite total funding of \$453.729 million, the SOGR backlog continues to grow over the 10 years specifically, by 59% or \$41.990 million for Community Centres; 52% or \$15.137 million for Trails, Pathways and Bridges; and 165% or \$8.861 million for Water Plays and Splash Pads, as the annual SOGR need exceeds the annual SOGR funding.
- State-of-good-repair backlog is further impacted by annual parkland and facility additions to assets by way of the development review process (Section 37/45), as well as Waterfront Toronto developments.
- Total planned cash flow for SOGR projects of \$453.729 million over the 10 year period is allocated to various asset categories as shown in the table below, as well as other SOGR spending such as Parks and Facilities Rehabilitation, Capital Emergency Fund, and audits.
- It should be noted that the SOGR backlog as a percentage of the asset value is disproportionate as parking lots, trails, and pathways are excluded from the asset value and SOGR funding includes spending on these same land assets. Next year the SOGR backlog as a percentage of the asset value will be more proportionate once values are assigned to these assets.

Approval of the 2013 Recommended Capital Budget will result in an operating budget increase of \$1.419 million in 2013 which has been included in Parks, Forestry and Recreation's 2013 Recommended Operating Budget.

The 10-Year Recommended Capital Plan will increase future year Operating Budgets by a total of \$24.723 million net over the 2013 – 2022 period and approved positions will increase by 227.6 over this time frame. Funding increases will be required to cover costs to staff, maintain, operate and program:

- Multiple community centres such as York Community Centre, Railway Lands Community Centre and Canadian Tire Community Centre;
- Pan American Aquatic Centre totalling \$5 million;
- Outdoor Recreation Centres such as Sports fields and Earl Bales Fieldhouse Upgrade and Expansion projects;
- Various parks including Mystic Point New Park Development, Cawthra Park Improvements, and Queen's Park Improvements; and
- Wellesley Community Centre and Canadian Tire Community Centre Pools.
- Refer to the table on the following page for timing of operating impacts by project.

Capital Project Delivery: Temporary Positions

	CAPTOR		Project	Delivery	Salary and Benefits \$ Amount(\$000s)							
	Project	# of		End Date						2018 -		
Position Title	Number	Positions	Start Date	(m/d/yr)	2013	2014	2015	2016	2017	2022		
	Various											
Senior Project Coordinators	projects	4.0	1-Jan-13	31-Dec-14	436,900							
•	, ,				-							
Total		4.0			436 000 0							
Iotai		4.0			436,900.0	-	-	-	-	-		

Approval of the 2013 Recommended Capital Budget will require 4.0 new temporary capital positions for 2 years to deliver approximately 130 new capital sub-projects commencing on January 1, 2013 and ending by December 31, 2014.

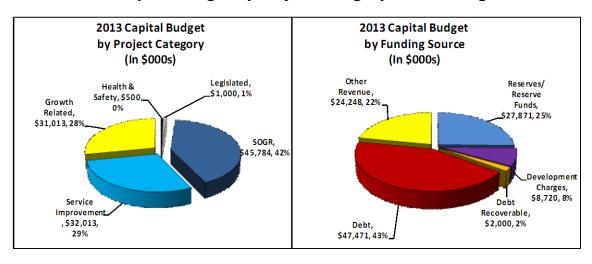

- Some of the newly added projects are the result of City Council approved Section 42-Alternate Rate Cash in Lieu Parkland Dedication funding in 2009, Section 37 Agreement and Section 45 benefits which provide Councillor-directed funds to be spent on park improvements within the ward the funds were generated in.
- The Senior Project Coordinator positions will deliver the following capital projects:
 - Outdoor Recreation Centres: Allan Gardens Washroom Building, Wells Hill Lawn Bowling Improvements, and Ward 43 Sports Pad.

- ➤ Park Development projects: Cawthra Park Improvements, Queens Park Improvements, and Bellevue Square Improvements
- > Arena: Col. Sam Smith Power House 2nd Floor S37
- ➤ Wellesley Community Centre Pool
- > Trails & Pathways: R.V Burgess Lighting and Glentworth Ravine Pathway Lighting
- Special Facilities: Guild Inn Site Improvements

It is recommended that City Council approve these 4.0 temporary capital positions for the delivery of new 2013 capital projects / sub-projects and that the duration for each temporary position does not exceed the life of the funding of its respective capital projects / sub projects.

PART III - 2013 RECOMMENDED CAPITAL BUDGET

2013 Capital Budget by Project Category and Funding Source

The 2013 Recommended Capital Budget requires 2013 cash flow funding of \$110.310 million.

- The 2013 Recommended Capital Budget for Parks, Forestry and Recreation will allocate \$0.500 million (0.1%) to Health and Safety projects, \$1.000 million (0.9%) to Legislated projects, \$45.784 million (42%) to State of Good Repair (SOGR) projects, \$32.013 million (29%) to Service Improvement projects, and \$31.013 million (28%) to Growth Related projects.
 - ➤ SOGR projects include various Capital Asset Management Plan (CAMP) projects for Community Centres, Pools, Arenas, Outdoor Recreation Centres, and Special Facilities Building and Structures.
 - ➤ Key Service Improvement projects will focus on the Leaside Memorial Garden Arena Expansion and Regent Park Redevelopment projects.
 - ➤ Growth and Related projects will continue work on the York Community Centre, Regent Park Community Centre, and Railway Lands Community Centre projects.
- The 2013 Recommended Capital Budget for Parks, Forestry and Recreation is funded primarily from debt, which accounts for 43% or \$47.471 million of required financing. The recommended debt of \$47.471 is over the debt affordability guideline of \$47.271 million set for this Program in 2013.
- The 2013 Recommended Capital Budget will also be financed by \$27.871 million (25%) from Reserve Funds, \$8.720 million (8%) from Development Charges, \$2.000 million (2%) from recoverable debt, and \$24.248 million (22%) from other revenues such as Section 37 and 45 funding, Section 42 Alternate-Rate Cash-in-Lieu, and partnership funding.

2013 Recommended Cash Flow & Future Year Commitments (In \$000s)

	2011 & Prior Year Carry Forward	2012 Previously Approved Cash Flow Commitments			2012 Carry Forwards	Total 2013 Cash Flow (Incl 2012 C/Fwd)	2014	2015	2016	2017	2018	2019	2020	2021	2022	Total Cost
Expenditures

New w/Future Year																
Total Expenditure	11,264	36,409	62,637	110,310	44,087	154,397	27,210	2,850	1,400	575	-	-	-	-		186,432
Financing																
Debt		2,800	44,671	47,471	850	48,321	2,875	1,450	1,000	175						53,821
Other	4,836	11,586	9,826	26,248	22,940	49,188	7,852									57,040
Reserves/Res Funds	5,485	15,802	6,584	27,871	8,409	36,280	8,520	167	34	34						45,035
Development Charges	943	6,221	1,556	8,720	11,888	20,608	7,963	1,233	366	366						30,536
Total Financing	11,264	36,409	62,637	110,310	44,087	154,397	27,210	2,850	1,400	575	-	-	-	-		186,432

- The Parks, Forestry and Recreation's 2013 Recommended Capital Budget of \$154.397 million including carry forward funding from 2012 provides funding for previously approved projects of \$91.760 million and \$62.637 million for new projects.
- The 2013 Recommended Capital Budget will be financed by the following sources: debt of \$48.321 million (31.3%), Reserve Funds of \$36.280 million (23.5%), Development Charges of \$20.608 million (13.3%), and other funding such as donations recoverable debt and partnership funding of \$49.188 million (31.9%).
 - ➤ The 2013 Recommended Capital Budget exceeds the 2013 affordability debt target of \$47.271 million by \$0.200 million.
- Approval of the 2013 Recommended Capital Budget will result in new commitments to future year cash flow funding of \$7.920 million in 2014; \$2.550 million in 2015; \$1.400 million in 2016; and \$0.575 million in 2017.

2013 Recommended Capital Project Highlights

The 2013 Recommended Capital Budget, including carry forward funding, provides funding of \$154.397 million to:

- Continue the redevelopment of parkland such as Grange Park (\$4.921 million), Regent Park Redevelopment (TCHC) Phase 2 (\$2.750 million), June Callwood Park (\$1.654 million), and Mystic Point Park Development (\$1.182 million);
- Continue construction of various community centres namely York Community Centre (\$11.443 million) and Regent Park Community Centre Construction (\$14.565 million);
- Continue the expansion of the Leaside Memorial Gardens Arena (\$7.3 million);
- Continue various Information Technology projects such as the IT-Customer Service/eService (\$1.216 million) and IT-Work Asset Management & Mapping Solutions (\$0.771 million) projects;
- Maintain in a state of good repair the pools (\$5.2 million), harborfront, marine service & seawall projects (\$2.908 million) and special facilities building structures (\$3.919 million).

2013 Recommended Capital Project Highlights (In \$000s)

Project	Total Project Cost	2013	2014	2015	2016	2017	2013 - 2017	2018	2019	2020	2021	2022	2013 - 2022 Total

Total (including carry forward funding)	-	154,397	27,460	3,100	1,600	775	187,332	-	-	-	-	-	187,332

PART IV: ISSUES FOR DISCUSSION

2013 Issues

Debt Target versus Recommended Debt

- The 2013 Recommended Capital Budget for Parks, Forestry and Recreation of \$110.310 million is \$0.200 million over the debt target of \$47.271 million.
- Parks, Forestry and Recreation's 10-Year Capital Plan of \$795.486 million exceeds its debt affordability target in every year except 2022 for a total of \$25.118 million as detailed in the table below.

Debt Target vs. Recommended Debt (In \$000's)

	2013	2014	2015	2016	2017	2018	2019	2020	2021	2022	Total
Debt Target	47,271	46,163	48,095	44,803	42,476	46,019	47,419	44,639	45,969	45,900	458,754
Rec'd Debt	47,471	48,413	52,333	49,671	46,644	50,374	50,787	46,254	46,025	45,900	483,872
Over Target	200	2,250	4,238	4,868	4,168	4,355	3,368	1,615	56	0	25,118

- The increase in required debt funding of \$25.118 million is primarily due to revised costing estimates for the design and construction of an outdoor recreation centre and various new community centres. The revision reflects current actual costs as seen in recently tendered projects.
- The initial revised costing estimates of \$51.951 million for outdoor recreation centre and various community centres was reduced by \$26.833 million by ensuring that Development Charge Funding was maximized for eligible projects.
- It is recommended that Parks, Forestry and Recreation annually update cost estimates to account for inflation and actual costs of major capital projects to minimize significant impact on the debt financing of future Capital Budgets.

Development Charge Funding

- The 2009 By-Law came into force on May 1, 2009 and imposed a development charge on the development and redevelopment of land, with certain exceptions.
- The development charge rates were frozen at the 2009 levels for 2 years and the increase in the adopted charges were phased-in over 4 years starting in 2011, based on the level of residential development activity occurring in the City.
- As a result, all Development Charge funded capital projects for Parks, Forestry and Recreation were re-evaluated to ensure consistency with the Development Charge By-law and forecast of development charge revenue for inclusion in the 10-Year Capital Plan.
- This review resulted in identification of additional Development Charge funding becoming available to Parks, Forestry &Recreation. The use of DC funds was maximized and resulted in reduced debt funding of \$26.833 million over the 10-Year Capital Plan.

Information Technology Capital Projects

- During the 2011 Capital Budget process, a number of IT initiative projects funded by debt were approved in Parks, Forestry and Recreation's 2011-2020 Approved Capital Plan in accordance with the Division's needs and Corporate IT's city-wide strategy. The Parks, Forestry and Recreation IT projects were assessed for compliance with corporate standards for business and data architecture to proceed as intended, requiring a substantial portion of funding to be carried forward to 2012.
- As part of the 2012 Capital Budget process, additional capital projects were approved in the 2012-2021 Approved Capital Plan totaling \$2.976 million including carry forward funding for capital IT expenditures. The Program was unable to proceed on the basis of its 2012 planned spending for these IT capital projects. As a result, the unspent cash flows amounting to \$1.556 million, approved as part of the 2011-2020 Approved Capital Plan will not be carried forward to 2013. These capital IT projects have been budgeted in the 2013-2022 Recommended Capital Plan as new projects.
- As part of the 2012-2021 Approved Capital Plan, 14 temporary capital positions were approved to deliver various IT capital projects. To date, 7 positions remain vacant, 6 have been filled, and 1 position will be funded through the Operating Budget due to on-going activity and administration of the spatial tool creation project.
- It is recommended that any capital IT projects/sub-projects approved as part of the 2011-2020 Approved Capital Plan with unspent funds be closed.

York Community Centre - Major Capital Project Status

- The York Community Centre will provide 60,000 square feet of community recreation facilities to an underserviced area of the City. The facilities will provide a double gym with change rooms, weight room, aerobic room, mezzanine running track, 6-lane indoor training pool, leisure pool, pool change rooms, two multi-purpose rooms which is divisible in two, teaching kitchen, activity room, youth lounge, administration offices, and generous corridors and lobby.
- To date, the design stage has been completed. The Site Plan Approval by City Planning has been granted, a shoring permit has been issued and a building permit is pending. The project has been tendered and awarded to a general contractor who mobilized on site in November 2012 to commence construction.
- The design stage was originally scheduled to commence June 2007 and end April 2009; and construction was then expected to start on August 2009 and finish two years later in August 2011. Due to various delays including additional time required for conveyance of land from the Province to the City, a lengthy Site Plan approvals process, and unforeseen TRCA requirements to stabilize the bank of Black Creek, the design phase that actually started in December 2007 finished in May 2012. Construction started in November 2012.

- > There is no plan in place for schedule recovery as it is not possible to make up the time given the numerous delays. No component of the facility will be omitted or reduced in scope and program in order to save on construction time.
- The original approved project cost for York Community Centre was \$26.5 million but in 2011 the project cost was increased by \$3 million attributed to the following:
 - Public consultation following the preliminary costing of the schematic design resulted in an increase of the overall gross floor area (GFA) of the facility.
 - Lengthy approval phase resulted in compounding inflationary costs.
 - TRCA's requirement to armourize the bank of Black Creek to protect against creek bank erosion as a condition of their approval of the project.
- Some of the major delays and challenges of this project include:
 - > City labour disruption in 2009;
 - Protracted period of time required for conveyance of land from the Province to the City;
 - Long and arduous Site Plan Approval process by City Planning;
 - Lengthy approval process by Toronto Region Conservation Authority;
 - Unforeseen TRCA requirement to stabilize and naturalize creek bank as a condition of their approval of the project;
 - Unforeseen requirement for an Official Plan Amendment required by City Planning;
 - Delay by Toronto Building in reviewing permit applications and in issuing the Building Permit. Application made on May 3, 2012 and is still outstanding;
 - ➤ Delay caused by the requirement to integrate a Toronto Transit Commission bridge across a creek into the site plan.
 - Construction of the community centre while the TTC is simultaneously building a bridge approach across the middle of the community centre site may also impede progress.

Regent Community Centre - Major Capital Project Status

- The City of Toronto, Toronto District School Board, and Toronto Community Housing have undertaken a development of a joint use community centre and school facility, located in Regent Park adjacent to Nelson Mandela Park Public School. The facility will become a part of a community "hub" of school/services linked to a redeveloped Regent Park Community Centre and renovated Nelson Mandela Park School. The community centre component of the facility will provide approximately 54,450 square feet.
- The building will include gymnasium, fitness studio, weight room, indoor track and change rooms, community rooms, a large divisible community hall, teaching kitchen, multi-purpose rooms of varying sizes, youth and older adult lounges and a rooftop garden. The Regent Park community Centre will also be home to the Employment Services Centre which will

house employment resource and administrative work areas. The centre shares a courtyard and other outdoor space for gathering and recreation with the school.

- To date, the design phase of this project has been completed. The Site Plan Approval is still pending the completion of land conveyance. The building permit is also pending issuance of the Site Plan approval. The contract has been tendered to prequalified general contractors and is awaiting results.
- The original design phase was scheduled to commence June 2009 and be completed by May 2010. However, actual design did not start until November 2009 and finished January 2012. Pending Site Plan approval and building permit issuances, construction is now projected to commence March 2013 and finish March 2015. It will not be possible to recover the original schedule, as no work will be omitted and the scope of the project will not change.
- This project faces the following challenges:
 - Working with multiple stakeholders (PF&R, Children's Services, Employment Services, TDSB, and TCHC);
 - Requirement for a Land Exchange Agreement and a Capital Cost Agreement with TDSB;
 - > Integrating the project with the renovation of the TDSB school adjacent to the site;
- The original approved project cost was \$21 million with additional funding of \$1.127 million to utilize the central district energy system within the community "hub"; \$0.500 million to furnish the Regent Park Community Centre; and \$0.250 million from Toronto District School Board (TDSB) to link the Regent Park Community Centre to the Nelson Mandela Public Park School.
- The following factors have contributed to the project delays:
 - Environmental certification work was invalidated when TDSB's contractor trespassed over the future community centre site to create a temporary access route to the school courtyard area and contaminated the soil. This is the second time TDSB or its agent has delayed this project.
 - Soil remediation and re-testing is required again in order to proceed with land conveyance from the Toronto Community Housing Corporation (TCHC) to the City.
 - ➤ PF&R undertook lengthy processes to formalize a Capital Cost Sharing agreement between TDSB and the City. To date, the Capital Cost Sharing agreement is with TDSB for approval.
 - The above items must be resolved before PF&R can re-tender the project, as delays beyond the bid period has forced the cancellation of the tender;

Third Party Funding

 Consistent with previous years, all sub-projects with third-party financing should be approved conditionally, subject to the receipt of such funding during 2013 and, if such financing is not forthcoming, their priority and funding be reassessed by City Council relative to other City-financed priorities and needs. Some of the examples of projects with third party funding include:

- ➤ The Canadian Tire Community Centre project has received \$6 million in Section 37 and Section 45 funding out of a total project cost of \$19.874 million to commence the design stage in 2013 and 2014. The remaining funds are expected before construction moves forward in 2015-2017;
- The Earl Bales Field House Upgrade & Expansion project of \$7.45 million relies on \$4.2 million of external third party funding which has not been received to date;
- ➤ The Milliken Park Community Centre Expansion Construction project of \$1.653 million requires Section 37 funding in 2013, but contributions from the developer are currently outstanding;

Emergency Fund

- The Parks, forestry and Recreation's 2013 Recommended Capital Budget includes \$0.500 million for a Capital Emergency Fund sub-project. The approval of the 2013 Capital Emergency sub-project funding is subject to the conditions listed below, which are the same as in 2012:
 - a) Projects funded must be demonstrable emergencies presenting a safety or security hazard, or impacting current operations, with a potential for significant damage resulting from the continuation of the problem identified;
 - b) All projects charged to the 2013 Capital Emergency Fund sub-project must be reported to Finance staff to ensure structures are provided to ensure accountability;
 - c) Use of funding must be reported in all variance reports; and
 - d) Any unspent balance at year-end cannot be carried forward.

To date, Parks, Forestry and Recreation spent the entire approved Capital Emergency Fund subproject of \$0.500 million in 2012. \$0.081 million has been used to repair the roof at Leaside Pool, \$0.135 million to perform electrical work at the ferry docks; \$0.080 million for Taylor Creek Rehabilitation; and \$0.204 million for East Training Roof Rehabilitation.

Future Year Issues

Core Service Review

- During the Core Service Review, City Council approved the following recommendation:
 - City Council request the City Manager to undertake a study of community infrastructure provided through the City's libraries, community centres, community hubs, related agencies and organizations, and report to the Executive Committee on a plan that maximizes the use of the City's assets, and enhances service system coordination.

- The scope of the review was established in late 2012, the study to be undertaken in 2013 with a report back to City Council on the study outcomes anticipated in 2013.
- ➤ Parks, Forestry & Recreation develop a comprehensive report on the status of existing facilities to identify those that are under-utilized and in despair and whether they are concentrated in areas of the City where other Programs have facility gaps. Through this study, PF&R will determine the need for any new facilities and improvements.

Service Efficiency Review

- At its meeting of April 12, 2011, City Council approved a report from the City Manager titled 'Service Review Program, 2012 Budget Process and Multi-Year Financial Planning Process', dated March 2011. The report directed that, in addition to other reviews, a service efficiency review be undertaken for Parks, Forestry and Recreation. The following summarizes the recommendations for the capital budget arising from the Service Efficiency Study:
 - ➤ Develop a comprehensive report on the status of current facilities. The need for a Facilities Master Plan will be identified as a recommendation in the Recreation Service Plan and will involve the integrated efforts of several inter-divisional branches such as Community Recreation and Parks, Capital Projects, Policy and Strategic Planning, and Parks Development. Facility audits and an asset management system project are currently underway to track the status of facilities.
 - ➤ Develop a 20 year Recreation Facilities Master Plan. This will be accomplished using the inventory of current facilities while taking into account demographic trends, current facilities inventory, geographic distribution of facilities, and participation preferences and trends.

2013-2017 Recreation Service Plan

- The 2013-2017 Recreation Service Plan which was recommended for adoption by Community Development and Recreation Committee on November 14, 2012 and is scheduled to go before City Council at its November 2012 meeting will guide the City of Toronto's delivery and funding of recreation programs and services over the next five years.
- The Service Plan aims to increase overall participation in recreation, decrease financial barriers, and improve local and geographic access, with a focus on improving access to recreation for children, youth, seniors, and reduce barriers faced by low-income families, newcomers, and people with disability.
- Some Recreation Service Plan recommendations require Capital Budget funding that are included in the Parks, Forestry and Recreation 10-Year Recommended Capital Plan and beyond.
 - ➤ Accessibility for Ontarians with Disabilities Act (AODA) compliance projects are currently included in the Parks, Forestry and Recreation's 10-year capital plan and are expected to exceed \$10 million over the 10 year period.

- Information Technology initiatives, including registration and permitting systems improvements, volunteer management, and customer service improvements are also planned in the PF&R Information Technology Strategy in the 2013-2022 Recommended Capital Plan.
- The Recreation Service Plan also recommends the development of a 20 year Parks, Forestry and Recreation Facility Plan to identify current recreation facility requirements and guide the process of establishing priorities for future investments in new facilities which will result in financial impacts to PF&R's future capital budgets.

Parks Service Plan

- In 2010, City Council approved the development of a City-wide Parks Plan based on seven guiding principles:
 - > parks and trails as city infrastructure
 - > equitable access for all residents
 - supporting a diversity of uses
 - > nature in the city
 - environmental stewardship
 - place making
 - > community engagement.
- The Parks Plan will guide acquisition, development, management and operation of the system of public parkland in the City of Toronto over a 5 year period.
- The City-wide Parks Plan is scheduled to be presented to the Parks and Environment Committee in February 2013.
- The 2014 Capital Budget submission will build on the outcomes and recommendations of the adopted Parks Plan.

Operating Impacts of Capital Projects

- The 2013-2022 Recommended Capital Plan will increase future year Operating Budgets by \$24.723 million due to the cost of operating new facilities over the 10-year period, creating significant pressure on Parks, Forestry and Recreation's service delivery and funding.
- In addition to the impacts of projects delivered through the Parks, Forestry and Recreation Capital Budget and Plan, there are impacts from new parkland delivered by Waterfront Toronto and TRCA, as well as parkland and new facilities provided to the City as a result of development agreements, creating challenges for the Program to maintain current service levels while meeting budget targets.
- For example, the 2013 Operating Budget for Parks, Forestry and Recreation will increase by \$1.513 million for ongoing maintenance of Waterfront parks such as Don River Park and Port Union Waterfront Park (Phase 2) which both opened in 2012.

As recommended in 2012, Forestry and Recreation is requested to continue to review future impacts of capital projects on operating budgets and consider strategies, including optional models for service delivery, to mitigate future operating budget impacts.

Appendix 1

2012 Performance

2012 Key Accomplishments

In 2012, Parks, Forestry and Recreation accomplished the following:

- ✓ Completed the Regent Park Aquatic Centre Pool at a value of over \$17.000 million;
- ✓ Completed the Marie Curtis Park Canada Arsenal Lands Revitalization Phase 1 project valued at \$1.400 million;
- ✓ Began construction of York Community Centre in 2012 with a total project cost of \$29.500 million;
- ✓ Completed the Earl Bales Ski Centre Chair Lift and Facility Improvements project at a cost of \$2.200 million;
- ✓ Completed the Greenwood Outdoor AIR/Pool Building Interior Renovation project valued at \$1.000 million;
- ✓ Completed the Grandravine Community Centre & Arena Rehabilitation with a project cost of \$1.448 million;
- ✓ Completed the Douglas Snow Aquatic Centre Rehabilitation project with a project cost of \$1.060 million.

2012 Capital Variance Review

2012 Budget to Actual Comparison (In \$000s)

2012 Approved	Actuals as of S	•	Projected Actu	als at Year End	Unspen	t Balance
\$	\$	% Spent	\$	% Spent	\$ Unspent	% Unspent
137,513	36,058	26.2%	83,171	60.5%	54,342	39.5%

Capital expenditures for the period ending September 30, 2012 total \$36.058 million or 26.2% of the 2012 Approved Capital Budget of \$137.513 million. The Program projects that \$83.171 million or 60.5% of the 2012 approved cash flow will be spent by year-end. Parks, Forestry and Recreation expects to carry forward \$44.087 million from 2012 and \$6.623 million from prior years. \$3.633 million will not be carried forward into 2013. The projected under-spending is mainly due to the following projects:

 Facility Components: under-spending of \$2.556 million is projected, of which \$2.321 million for various IT projects which will not be spent due to the need to coordinate with Corporate IT which had not been anticipated; and \$0.160 million of the divisional accessibility funding will not be spent due to reconfirming the project scope at various sites.

- Land Acquisition: under-spending of \$1.400 million is anticipated due to protracted environmental approvals process and planned remediation work at various sites including Grand Manitoba/Mystic, Everett, Stafford, and Paton Road.
- Park Development: under-spending of \$13.026 million is projected as the Grange Park management agreement has not been finalized (\$4.700 million); land transfer issues have delayed Regent Park (\$2.750 million); and other various park development projects may not be completed due to weather limitations on construction times.
- Arenas: under-spending of \$6.800 million is expected since \$4.300 million for the Leaside Arena expansion was delayed due to re-tendering, but is now proceeding and various Arena and Outdoor Artificial Ice Rink (CAMP) projects may not be complete by year-end due to construction and programming limitations.
- Community Centres: under-spending of \$24.197 million is projected as the Railway Lands Community Centre is still in the initiation stage (\$4.156 million); the Canadian Tire Site Community Centre (\$0.050 million) is still in the preliminary stages and awaits additional funding; the approvals process for York Community Centre (\$11.000 million) took longer than expected; Regent Park Community Centre (\$6.565 million) has been delayed due to pro-longed environmental soil remediation and testing requirements; and various Community Centre (CAMP) projects will not be completed by year-end due to construction and programming issues.
- Special Facilities: under-spending of \$1.600 million is anticipated as \$1.000 million will not be spent due to delays arising from the specialized and extensive approvals process necessary for Seawall rehabilitation, and \$0.459 million for various Special Facilities and Structures (CAMP) projects may not be completed by year-end due to programming and weather constraints.

Appendix 2

10-Year Recommended Capital Plan Project Summary
(In \$000s)

						2013 -						2013 -
Project	2013	2014	2015	2016	2017	2017	2018	2019	2020	2021	2022	2022
